

CANADIAN GLOBAL
EXPLORATION FORUM

GASTECH

Barcelona Sept 17-20, 2018

Report to CGEF

The Canadian Global Exploration Forum (CGEF) is the only registered Canadian organization that serves and promotes Canadian Based International oil and gas exploration and production companies. CGEF advocates for Canadian international oil and gas companies and facilitates cooperation among production companies, oilfield service companies, government and academia through the sharing of expertise, technologies and opportunities. CGEF membership includes numerous mid size and junior oil and gas companies, which made up of mainly Alberta based companies.

About GASTech

- The Gastech exhibition and conference is a globally rotating international gas, LNG and energy market focused Conference.
- The conference hosts approximately 350 speakers and 3,500 delegates
- CGEF in cooperation with the Alberta Economic and Trade mission attended the GASTech 2018 conference in Barcelona, Spain, September 16-20, 2018. Alberta's energy E&P and service companies and the associated technical expertise is world class and exportable to all energy producing regions worldwide.

Summary

- Met with 26 international companies interested in investing in Canada and investing with Canadian Oil and Gas operators and services.
- CGEF met with high level government representatives, associations and Ministers from Spain and other countries, to promote CGEF, CGEF Member companies and the Canadian oil and gas industry.
- CGEF spent significant time educating those interested in understanding the history, current market and expertise that resides in the Canadian oil and gas industry
- CGEF Opinion: Noticeable lack of international knowledge in Alberta's oil and gas expertise and services – need to promote Alberta's oil and gas expertise in every sector and service.
